

Looking Back at Multiplication

Name: _____

Date: _____

INDEPENDENT PRACTICE · SHOW YOUR THINKING

1

Show 3×4 as an array of dots. Then write the multiplication and the repeated addition.

2

Find the products: $2 \times 6 = \underline{\quad}$, $5 \times 4 = \underline{\quad}$, $4 \times 7 = \underline{\quad}$, $3 \times 8 = \underline{\quad}$

3

Atlas placed 5 rows of 6 books on the shelf. How many books in all? Show the array.

4

Hazel arranged 4 plates with 3 cookies on each. Draw the equal groups. Total cookies = ?

5

Write a multiplication story for 6×2 .

6

Explain in your own words: what does 4×7 mean? Draw a picture to show it.
