

Dividing 3-Digit by 2

Name: _____

Date: _____

INDEPENDENT PRACTICE SHOW YOUR THINKING

1

Find $246 \div 2$ on the 3-column mat. Show each column.

2

Find $384 \div 2$. Show the hundreds trade.

3

Find $524 \div 2$. Show the trade.

4

Hazel splits 246 collector cards equally with her brother. How many each?

Dividing 3-Digit by 2 (continued)

5

Felix says $524 \div 2 = 162$. Felix missed a trade. Fix it.

6

Why do we start with the hundreds column, not the ones?
