

Bar Graphs and Tables

Name: _____

Date: _____

INDEPENDENT PRACTICE SHOW YOUR THINKING

1

A bar graph shows: Dogs 7, Cats 5, Fish 3, Birds 2. Fill in a table with the count for each pet.

2

Using the table you just made: which pet is most popular?

3

Using the table: total neighbors surveyed?

4

A table shows Chess 4, Art 6, Drama 3, Robotics 5. Sketch the bar graph in your journal.

Bar Graphs and Tables (continued)

- 5 Hazel says she can read either the bar graph OR the table to answer the same question. Agree or disagree, and explain.

- 6 Reflection: when would you use a table instead of a bar graph?
